

Santiago!

By Emmanuel Correa Guivas

You may call me "Santiago Juan Carlos." God no deemed you Britains worthy of knowing the rest of my name until I arrive upon the shores of Bristol.

I, Santiago Juan Carlos, by the Honor of Dignified King Phillip II, come to herald the greatness that is OUR King, Santiago's Country, Santiago's Cross, and of course..SANTIAGO!

Santiago's mother and father were powerful and very influential members of Spanish Court, until tragedy struck and both Santiago's parents were assassinated..Santiagop still believe it was the Draco Disciples..."FUEGO TO DRACO!!!"

Orphaned, Santiago was raised by the Bishop that conducted mass for King Phillip II, thus Santiago spent the majority of days studying within the Royal Monastery. Santiago studied theology under the clergy and spent many years at the Vatican in Rome studying the grimoires of all the witches Santiago helped burn at the stake, mucho fun!..along with the Vatican Exorcist Rites for the laughs...Yes Yes, Santiago is prodigy.

By age 15, Santiago given position of Magus and Exorcist for Spanish Royal Throne. Of course, some of Santiago's practices were..well, unorthodox and rather unholy for Vatican Cardinals, nonetheless Pope allow Santiago to pursue Santiago's arts; he say Santiago can forgive sins. Soooo..I burn them with their own magicks and Santiago forgive Santiago! OLE!

Now, age 20, Santiago have gained possession of lovely little thing the Vatican once held onto so dearly, details of thus shall not discuss...but I found in original Lesser Key of Solomon.

Some call Santiago heretic and blasphemmer. Some call Santiago deranged wizard. Others simply call Santiago pompous, hedonistic egotist. I no know what these words is...

But maybe they right....but they confused! By the eternal flames of God Almighty, all who oppose Santiago and Spanish throne shall spend all eternity basking within firey lake of burning sulfur, knowing no peace and only endless torment! FUEGO AETERNA!!!

But of course, for a price, Santiago forgive your sins and you can purchase your way out of God's wrath...Santiago like to call them "writs of forgiveness"....only 50 Pents!

Prepare thineselves Bristol, for I, Santiago Juan Carlos %\$^#\$ \$%\$%# #\$\$%\$%.....shall soon arrive upon the shores of Bristol, and Omnipotent Spain be recognized as true Guardian of Egg! And of course, build happyness with King Phillip and Queen Elizabeth....
OLE!
