BOOTH DESIGN/DISPLAY

Your Display Plans: Because we strive to present a Renaissance community, we ask our vendors to spend some time researching the period in preparation for creating their Faire presentation. Many craftsmen build displays that aesthetically accommodate an actual demonstration or explanation of the craft. Game booths can display signs that include quotes from 16th century sources that praise the virtues of sport, jest or frivolity. Please describe how you envision your display area, on your booth sketch.

MAXIMUM Space Dimensions must include canopies & poles, hay bales, seating areas, back room/storage areas, signs that overhang, or anything else that will be part of the area.
